## NEGROES ASSAIL CHIEF OF POLICE FOR STATEMENT

### Condemn Police Head for Making Statements Which May Lead to Race Riots.

Chief of Police Eberstein was strongly condemned at a mass meeting of negroes held Sunday under the auspices of the local representatives of the National Association for the Advancement of Colored People at the Zion Baptist church, Twenty-second and Grant streets, for a published statement in which the chief of police was quoted as casting a reflection on the negroes of Omaha.

Chief Eberstein was credited with saying that if the good colored people did not take the matter in hand and assist in eliminating a criminal element among the negroes responsible for the numerous recent assaults on white women in this city and Council Bluffs the East St. Louis riots possibly would be repeated in Omaha.

#### Let Chief Do Duty.

Resolutions were adopted and a committee waited on Chief Eberstein to protest against his statement. "We hold that if Chief Eberstein, with his crops of officers, does his whole and sworn duty it will not be any more necessary for negroes to hunt down their criminals than it will be for white people to hunt down theirs," the resolutions read.

Chief Eberstein received the committee in his office, listened to the reading of the resolution and asked them to co-operate with him in hunting down the members of their race, who have been terrorizing the community with their depredations.

The meeting was presided over by Rev. William F. Botts, pastor of the Zion Baptist church. The committee, which drew up the resolutions and waited on the chief of police were: Rev. W. C. Williams, pastor of St. John's M. E. church; Rev. M. H. Wilkinson, pastor of Mt. Mariah church; Rev. William F. Botts, Mrs. James G. Jewell, A. P. Scruggs and A. W. Lewis.

"We hold that the expressions and comment of Chief Eberstein tend to incite racial antipathy by his unfortunate reference to racial faction and a race riot of another time and in a southern community," it was pointed out.

Continuing the resolutions read: "We hold that the expressions of Chief Eberstein to the effect that colored people should ferret out the criminals of their race is an attempt to shift the official responsibility and is unwarranted reflection upon the integrity of the race."

### Suspected Negro Released Late Yesterday on Bond and Others Are Given Their Freedom.

Henry Culpepper, negro, discharged soldier, suspected of being the assailant of Mrs. Eleanor Glassman, was released late yesterday on bail bond, according to Police Captain Vanous.

Captain John Dunn stated last night that no further arrests had been made that had important bearing on the case.

"I expect to capture the man, but it will take time," said Captain Dunn. The captain stated Saturday night that it would only be a matter of hours till the negro assailant was in custody. At that time he declared he had definite information as to the identity of the assailant.

Asked whether he was in favor of the use of bloodhounds, he laughed and said: "We don't need them. We can do the work of bloodhounds ourselves."

Culpepper was arrested Saturday night by Detectives Stoley and Brinkman in the Burlington railroad yards. The detectives said he told a disconnected story about his actions Friday night when Mrs. Glassman was assaulted in her home, 2605 Bristol street.

Culpepper was guilty of the attack on Mrs. Glassman. Contrary to reports, Culpepper had no scratches or recent scars on his face such as a woman's finger nails might make.

#### Not Men Wanted

The 30 negro suspects, arrested Saturday, are being tried in police court on charges of vagrancy. None of them answers the description Mrs. Glassman gave of the negro with whom she said she battled for 30 minutes.

Culpepper was taken Sunday to the Glassman home for identification. Mrs. Glassman's family refused to allow her to see him.

Dr. Elizabeth Lyman, physician called on the case, said Mrs. Glassman had not been chloroformed or criminally assaulted. Dr. Lyman attributes Mrs. Glassman's dazed and semi-conscious condition to nervous shock.

Police are still tracing down every possible clue to the possible clearing up of the attack on Mrs. Glassman. Every detective in the department is working on the case.

#### Father Sees Detective.

Culpepper served 18 months in the army. He was stationed at an eastern army camp awaiting embarkation orders for overseas service when the armistice was signed. When arrested he was wearing the overseas clothing issued him.

## WRIGLEY BUYS BIG CALIFORNIA ISLAND GROUP

### Owner of Big Chewing Gum Factory and Chicago Cubs Plans Pacific Coast Resort.

Los Angeles, Cal., March 17.—(Special.)—William Wrigley, jr., manufacturer of "Wrigley's Spearmint," one of the chief stockholders in the Chicago "Cubs" ball team and an officer and director in a total of 15 enterprises in various parts of the United States, is the head and controlling interest in a company which has taken over Santa Catalina Island. The purchase price is close to \$4,000,000 and several millions more will be spent to make the island the great show place of the Pacific coast.

Included in the transfer are practically all of the 48,000 acres of the island, the new \$400,000 Ste. Catherine hotel and its appurtenances, 10,000 head of sheep, two large steamers which ply between San Pedro and the island, a fleet of glass-bottom power boats and other property of the Santa Catalina Island company.

#### Shipyard Director the Manager.

The officers and directors in the new Santa Catalina Island company are some of the most enterprising business men in Los Angeles county. The general manager is Evert H. Seaver, who directed the Fulton shipyards at San Pedro during the war and who last year built successful wooden ships at astonishing speed for the government. Mr. Seaver's record as a builder of ships is equalled by his fame as an employer of labor, for in all his period of service at San Pedro there was no rumor of labor trouble.

David Blankenhorn, a well known Los Angeles business man, is president of the new company. He recently received his honorable discharge from the United States army, where he ranked as captain.

"We intend to make Santa Catalina Island the greatest summer and winter resort in America," said Mr. Wrigley. "Development will progress as rapidly as possible and when business warrants we will put on more steamers. There is room for a half million new cottages on the island and a second new hotel is projected for early completion. It is my plan to make this gem of the Pacific a resort of such attractiveness that it will be a mecca for

visitors from
