NEGRO SPENT \$15 A WEEK ON DOPE; \$7 FOR FAMILY

Colored Man Testifies in Federal Court That He Uses 11 Cocaine Capsules in Two Days.

Fifteen dollars a week for "coke" and \$7 to support himself and his sick wife is the account of his \$22 weekly earnings given by Dan Smith, negro, on trial yesterday before United States Commissioner Robert Neely, for violation of the Harrison act.

The negro was arrested by Russell Eberstein for illegal possession of drugs. According to a law which went into effect Tuesday, possession of the drug without a revenue stamp

EASY TO DARKEN YOUR GRAY HAIR

Try This! Brush Sage Tea and Sulphur Compound Through Your Hair, Taking One Strand at a Time.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing the mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.—Adv.

Driver in Accident.

At the hearing Commissioner Neely recognized the negro as one who was driving an automobile in a recent collision on Leavenworth street, near Twenty-seventh.

"Were you under the influence of the drug at the time you were driving the car?" Neely asked him.

"The accident was not my fault. The other driver ran into my car. I didn't strike him," the negro replied.

"How do I know you are telling the truth?"

"Well, the other fellow paid the damage, that's the best proof," replied the dope fiend.

Costs Three Dollars Daily.

Smith said he paid \$6 for 11 dope capsules, a two-day supply for him.

On plea of a wife, sick in the hospital, and a good job in an automobile concern awaiting the negro, Commissioner Neely released the negro on bond.

Doctors Say Man Who Hugged Dressmaker Is Insane; Is Discharged

C. B. Pugh, arrested by police yesterday after he had attempted to hug Miss Johanna Giorig, a dressmaker in the Saunders-Kennedy building, was declared by nerve specialists yesterday to be suffering from a form of dementia.

Pugh's actions are said by the doctors to be the result of an emotional condition bordering on insanity.

He was discharged in police court by Judge Holmes when Miss Giorig failed to appear as a witness against him.

Pugh promised Judge Holmes he would leave the city.

Pugh appeared early Tuesday morning at the Saunders-Kennedy building and embraced Miss Giorig in the hall.

Witnesses said she beat him with an umbrella. He ran into the elevator and, alighting on the seventh floor, met two other women, whom he hugged for a moment and then fled.

Pugh told the police he was a barber, and gave his address as 2013 Leavenworth street.
