o Dr. Dorten's no-
blishing the Ger-

pending when the senate adjourned,
would provide that popular state
conventions instead of state legis-
latures should act on the proposed
addition to the constitution.

Speakers against the resolution
took as their argument that the
franchise measure would abridge
state rights and impair popular gov-
ernment. Senator Lenroot, in re-
plying to Senator Borah, denied that
popular government would suffer
and asserted that it would be pro-
moted instead.

In opposing the resolution Sen-
ator Reed denounced it as an "out-
rage upon our form of govern-
ment."

"It is as undemocratic a thing as
ever was attempted," said the Mis-
souri senator.

Young Girl Robbed, Throttled, Assaulted, by Negro in Bluffs

Ida Terp, 20, was assaulted and
robbed by a negro at 11:10 last
night near a schoolhouse at 721
Willow avenue, Council Bluffs.

Miss Terp was on her way home
when a large negro accosted her,
she told police, throttled her and
dragged her into the school yard.
Miss Terp told the police that he
assaulted her. The negro took \$20
from Miss Terp's purse and left her
lying on the ground.

The girl lives at 307 South Eighth
street, Council Bluffs.

A negro answering exactly the
description of Miss Terp's assailant
crossed the Douglas street bridge
early in the evening, according to
the toll-taker there. At 1 o'clock
this morning he had not recrossed
and the search for him was con-
fined to Council Bluffs.

Hoover Says Europe Needs Large Amount of Wheat

Paris, June 3.—A preliminary sur-
vey of the import necessities of Eu-
rope, except Russia, shows that the
area will need 700,000,000 bushels of
wheat and rye at a minimum, or
850,000,000 bushels at a possible
maximum. Herbert C. Hoover, the
head of the allied relief organiza-
tion, said in a statement issued to

lished reports that he had received
anonymous letters threatening him
with attacks, said like all public men
he had received anonymous letters,
but at no time had paid the slightest
attention to them, not even referring
to the inspectors division for investi-
gation.

"The outrages of last night," said
Attorney General Palmer, in a for-
mal statement, "indicate nothing but
a lawless attempt of an anarchistic
element in the population to terror-
ize the country and thus stay the
hand of the government. This they
have utterly failed to do. The pur-
poses of the Department of Justice
are the same today as yesterday.
These attacks by bomb throwers will
only increase and extend the activi-
ties of our crime-detecting forces.
We are determined now, as hereto-
fore, that organized crime directed
against organized government in this
country shall be stopped."

Asks Drastic Action of Committee on Daylight Saving

Washington, June 3.—Repre-
sentative Mondell, the republican
floor leader, asked the house inter-
state commerce committee today to
report the bill repealing the day-
light savings act without recom-
mendation.

The request was opposed by
members of the committee who de-
clared such action would be a "re-
linquishment of their delegated
rights." Representative Webster,
republican, of Washington, declared
the republican floor leader "had no
right to make such an unusual re-
quest."

Opponents of the daylight sav-
ing act made another unsuccessful
effort today to include in the 1920
agricultural appropriation bill an
amendment providing for the repea-
l of the act.
