QUIET FOLLOWS RACE RIOTING IN KNOXVILLE

Casualty List Increased by Four When Negroes Resist Search.

Lieutenant of Regular Army Victim of Machine Gun Fire.

Knoxville, Tenn., Aug. 31.—Minor disorders occurred in Knoxville tonight following the race riots Saturday night and early Sunday, which were the sequel to the storming of the county jail by a mob intent upon lynching Maurice Mayes, a negro, accused of the murder of Mrs. Bertie Lindsey, a white woman.

The casualty list was increased today by four negroes, who resisted attempts to search them for arms. All were wounded by national guardsmen, two being shot and the other two stabbed with bayonets.

Eleven hundred guardsmen of the Fourth Tennessee infantry, supplemented by 200 special policemen and 75 special deputy sheriffs, patrolled the city, dispersing crowds and searching all negroes.

Union leaders today called off the Labor day parade scheduled for Monday.

There has been shooting in various sections of the city all day and this continued tonight, causing dozens of riot calls.

Some sections in which the most serious clashes occurred have not been searched thoroughly and reports conflict as to the number of casualties which may be concealed there. Two men are known to have been killed, fourteen others, eight white and six negroes, are in hospitals. Of these four, two whites and two negroes, are not expected to recover. Sixteen wounded white men had their slight wounds dressed at one hospital.

Dead and Injured.

The known dead are:

FIRST LIEUTENANT JAMES W. PAYNE, Madisonville, Ky., regular army.

ONE NEGRO.

The injured include Private E. V. Henderson of the Tennessee national guard, who may die.

Lieutenant Payne was killed accidentally early today by machine gun bullets. He was 200 yards from the machine gunners with several other officers when the party was fired upon by negroes from a second-story window. Payne and his companions fled with their automatic rifles

FRENCH BID FAREWELL AS HE GOES TO BREST

Premier Clemenceau Invites American Leader to Come and Make Real Visit.

Paris, Aug. 31.—Premier Clemenceau, Foreign Minister Pichon and Captain Andre Tardieu were among the high French officials who bade farewell to General Pershing on his departure for Brest today. The American ambassador and his staff and the entire American peace delegation were present. There was a military escort of two companies.

In saying good-by to the American commander, M. Clemenceau declared that the French people could never express all the gratitude felt for the services he had rendered. The premier urged General Pershing to re-visit France and afford the French an opportunity to show their appreciation of the work he had done in the war.

Great Crowd Gathers.

A great crowd had gathered at the Invalides station to bid General Pershing farewell, as he started for Brest, whence he sails tomorrow for New York aboard the Leviathan, marking the close of more than two years' service in France. For the past week General Pershing has been feted by all the prominent French officials.

In General Pershing's party is his son, Warren, and his brother, James F. Pershing, a Chicago merchant, who sailed recently for a business trip to France and England, and his aides.

When Armistice Signed.

This morning's Paris newspapers devote much space to cordial and appreciative articles bidding farewell to General Pershing, who yesterday received representatives of the French press and bade them formal good-by. The general expressed his affection for and admiration of France and said he felt sure that the struggle France and America had waged together would serve to cement the friendship of the two nations.

During the reception General Pershing was asked what to him had been the most poignant moment of the war. After an instant's reflection, he replied:

"It was when the armistice was signed. It was then we knew the victory was ours and that our dead had not died in vain."

When asked about his plans for the future General Pershing responded:

"I haven't any. At all events, don't attribute any to me."

Warm tribute was paid to General Pershing today by Andre Tardieu, head of the general commission for Franco-American war matters.

I am encouraged and gratified by the progress which is being made in controlling the cost of living. The support of the movement is widespread and I confidently look for substantial results, although I must counsel patience as well as vigilance because such results will not come instantly or without teamwork.

Let me again emphasize my appeal to every citizen of the country to continue to give his personal support in this matter, and to make it as active as possible. Let him not only refrain from doing anything which at the moment might tend to increase the cost of living, but let him do all in his power to increase the production, and further than that, let him at the same time himself carefully economize in the matter of consumption. By common action in this direction we shall overcome a danger greater than the danger of war. We will hold steady a situation which is fraught with possibil-

PERSHING'S CANDIDACY ABSORBS REPUBLICANS

Washington Expects Early Race Between A. E. F. Commander and Wood.

Attention Grows Keen Toward Coming Visit of Pershing to Nebraska.

World-Herald Bureau Washington, D. C., Aug. 31.

Charles Daves' statement here that General Pershing is as good a business man as he is a warrior, has given decided impetus to the general's presidential boom, and republicans who hardly considered him available are giving serious consideration to his name.

It is thought in Washington that there will be a race now to see whether General Pershing or General Wood gets in the campaign first to make a special appeal for the soldier vote. It is hinted here that General Pershing's order to return home may drive General Wood into the open sooner than the latter had planned.

In fact, it would not surprise Washington if General Wood's campaign would be started very soon—soon enough, in truth, to beat General Pershing to it before the American commander arrives on this side of the Atlantic and has time to make a decision based on support he might draw in the race.

From a Nebraska standpoint and the fact that Mr. Daves will visit that state in company with General Pershing, it is interesting to know that preliminaries with respect to getting in the primaries there may be talked over with Pershing's Nebraska friends. None of the politicians here overlook the advantage that would come from carrying the early primary there for their candidate. If General Wood plans on entering the fray, signs of his friends will be very much in evidence in Nebraska.
