STATE TROOPS IN CHICAGO PATROL BLACK DISTRICT

Create "Barred Zone" Out of Section and Search All for Weapons.

CITY AUTHORITIES FINALLY ASK FOR HELP

Rioting Continues at Many Places and Torch Often Applied.

Chicago, Ill., July 30.—Chicago streets tonight were patrolled by soldiers called out by Governor Lowden, at the request of Mayor Thompson for the protection of life and property threatened by the race war, which for four days has terrorized the city.

The state troops established a barred zone about three miles square embracing most of the colored residential districts on the south side. In this zone they searched every person whom they met for weapons. No one could pass in or out without military permission.

The district extended roughly from Twenty-second street to Fifty-fifth street north and south from Michigan east and west.

Fire on Railway Trains.

This happened when riots in the colored district itself had somewhat subsided, but when there was an alarming spread of disturbances outside. New York Central Railroad officials reported all their trains being fired on.

Adjutant General Frank S. Dickson, after an early evening trip through the threatened district, declared that the situation was "onimus."

Hundred of negroes appealed for protection. Incendiary attacks upon negro homes increased through-

REPUBLICANS CALL FOR FIGHT ON PROFITEERS

McKelvie's Party Mates Follow Democratic Lead for Special Session.

Druessedow-Foster Resolution Indicates Lawmakers Will Ignore 'Master's Voice.'

Special Dispatch to the World-Herald.

Lincoln, Neb., July 30.—Republicans in the Nebraska house of representatives who supported the Crozier resolution yesterday calling upon the governor to call another special session of the legislature to take up the matter of profiteering introduced a similar resolution today, thus refuting the argument that it is a democratic move.

The Crozier resolution was defeated by a vote of 40 to 38, and several republicans who voted against it afterwards expressed a change of heart. Others admitted that they had been stampeded by Jenison of Clay county, who argued that a resolution not included in the call could not be acted upon.

Consequently when today's session was called Foster and Druessedow of Douglas county, who had put up a fight for the Crozier resolution, along with Representatives Staats, Noreen, McLellan and Hardin, all republicans, introduced the following resolution:

"Be it resolved that it is the sense of this legislature that the governor be and is hereby requested to call an extraordinary session to meet immediately at the close of this session to take up the matter of profiteering, that we may be able to get some action on the most important and absorbing question of this time."

Invokes the Rules.

The McKelvie forces, who had tried to rush this session through in one day, just to dodge this very proposition, are now put face to face with a request coming from their own party which they cannot ignore.

It was said that Reynolds of Douglas had prepared a resolution accusing the democrats of holding up the code bill, which he claims offers relief from the inroads of the profiteers, but the Druessedow-Foster resolution coming from the republican side, took all the wind out of the sails of the Reynolds resolution.

People for Ratification of Cummings' War

Democratic National Chairman Finds Home of Senator to One for Immediate

Washington, D. C., July 30.—Homer S. Cummings, chairman of the democratic national committee, discussed with President Wilson today the political outlook for 1920 and the attitude of the country toward the peace treaty and the league of nations, describing his observations during his recent two-months' trip through fourteen western states.

The conference was the first the national chairman has had with the president since last December. Mr. Cummings refused to discuss the possibility of Mr. Wilson again leading his party in the 1920 election, and would not affirm or deny that this

ENGLAND NOW READY TO SALVAGE WARSHIPS

Plans Made to Raise Number of German Vessels in Scapa Flow.

No Intention to Press Inquiry as to Responsibility for Scuttling.

London, July 30.—One battleship, three light cruisers and fifteen destroyers of the former German grand fleet which were scuttled by their crews at Scapa Flow in the Orkney Islands on June 22, are ready to be salvaged, it was announced today in the house of commons. It was said there was no intention of holding a court inquiry.

Search Cemetery for Mrs. Saunders

Forest Lawn cemetery is being searched for Mrs. Clara Saunders, age 22, Twenty-first and Cass streets.

densely populated negro quarters of Chicago and a light fall of rain had not stopped fighting between whites and blacks long after midnight.

There were reports of shooting, stabbing and looting in places which the military had been unable to reach. The death list remained at thirty. Several hundred have been injured during the four nights of rioting and a dozen of these may die.

Adjutant General Dickson, on returning from the placing of troops, reported that snipers had fired on a company of soldiers on the way to Englewood. No one was injured. The general reported that after the troops had taken their stations, quiet had prevailed in the patrolled areas.

Loiterers Disarmed.

The military force was under the direct command of Adjutant General Dickson and was distributed in accordance with detailed plans worked out by him and his regimental commanders with the assistance of police officials.

Four regiments were housed close to the disturbed area and when the order came to move, these troops soon were on the scene of the riots and began the task of disarming militant loiterers without ceremony.

The police filled in the intervals of the military cordon and searched every person on the streets for weapons. A flying squadron of thirty motorcycle policemen was sent through the district with orders to report what they saw to police headquarters.

Whites Use Trucks.

A disturbing feature was a number of automobile trucks filled with young white men, dashing about south side streets outside the negro district trying to stir up antinegro sentiment.

Three negroes driving an automobile fired promiscuously in Twenty-fourth street. Thomas Possen, white,

that the resolution will carry, may be a bitter fight is expected when it comes before tomorrow's session.

It is contended now by McKelvie supporters that the republican members should have come to the governor personally instead of introducing the resolution. Several of the republicans retorted that they had been before the governor on previous occasions, also that they had been elected as "representatives," and not "subjects" of the governor.

No expression was offered by those close to the governor or the governor himself as to what action he will take if the resolution passes the house, but it is not thought that he will dare to ignore it, particularly coming from the republicans, nearly all of whom have supported the governor in measures he has especially advocated before the legislature.

U. S. "Sub" Sinks; 3 of Crew Drown

New London, Conn., July 30.—The United States submarine G-2, which is listed as an obsolete craft and used for experimental work, sank with open hatches in Long Island sound today and three of its crew of eight were drowned. Others were rescued by men from the United States coast guard cutter Acushnet which was accompanying the submarine.

The G-2 was engaged in experimenting with depth bombs, and it sank apparently without warning. The hull has been located and salvage operations will follow.

The submarines N-3 and R-5 with divers were sent to the spot where the G-2 sank, and early this afternoon one body had been recovered. The submarine was in charge of Gunner B. W. Morrow.

Dominion to Buy and Sell Wheat

Ottawa, July 30.—The dominion government late today decided to buy and market the Canadian wheat crop of 1919. The crop will be sold at prevailing world prices and the surplus proceeds will be divided among the original sellers of the wheat. Speculation and profiteering will be prohibited.

BISHOP STUNTZ AND FAMILY REACH HOME

Bishop Homer C. Stuntz of the Methodist church, accompanied by Mrs. Stuntz, their son-in-law, H. P. Hunter, and their granddaughter, reached home last evening after attending the Methodist centenary at Columbus, O., and spending a brief vacation in the east.

The bishop drove his car all the way to Columbus and return, besides making an additional trip as far as Ithica, N. Y. The total distance covered was about 3,700 miles. The family returned in perfect health and the bishop said the trip had been without

the grave of her brother. The relatives base their belief on the fact that Mrs. Saunders has been frequenting the cemetery since last fall when her husband died. Night after night she went to his grave and remained there until morning without sleeping. She said that she could communicate with her husband.

The police were unable to secure any information about the missing woman Wednesday night or this morning.

Villa Now Starts Move on Carranza

Washington, D. C., July 30.—In the opinion of anti-Carranzistas here, the action of Francisco Villa in appointing General Constantino Galvan commander of "the army of the east" in Mexico, with instructions to wage relentless warfare against Felix Diaz, reported today from Mexico City, presages an attempt on Villa's part to gain control of all of Mexico outside of that in which Carranza forces dominate.

BELGIAN KING AND QUEEN TO BE GUESTS OF U. S.

Washington, D. C., July 30.—King Albert and Queen Elizabeth of Belgium will be guests at the White house during their visit at Washington this fall, probably in October. Elaborate plans for their entertainment are being prepared by the state department.

GOVERNORS TO PROBE HIGH LIVING COSTS

Jefferson City, Mo., July 30.—Governor Frederick Gardner, today announced he would take up the matter of the high cost of living at the conference of governors at Salt Lake City August 12, and ask that a committee be appointed to investigate food prices.

Share in \$1,100 P in Street Cost

Eleven hundred dollars in cold cash was lying on the street at Sixteenth and Dodge streets Wednesday afternoon. Henry Johnson, negro, address unknown, found it. Near him engaged in a conversation were a friend, Will Thomas, address unknown, and Mrs. Florence Johnson, negro, 2915 Erskine street.

What were they to do with it? "Let's divide that money between the three of us," advocated Thomas. "Very well," said Johnson. "I will be delighted," said Mrs. Johnson, while a broad smile covered her face.

They decided that they would go to Mrs. Johnson's home and divide it. When they arrived behind the cover of four walls they found to their

The postmaster general did not mention the company by name but said that "with one notable exception, the reason for which is thoroughly understood by those who have kept informed," every wire company had given him loyal co-operation.

Government fixed intrastate telephone rates are to remain in force a period of four months, unless sooner changed by state commissions, but no provision was made as to telegraph rates. Clarence H. Mackay, president of the Postal company, in urging congress to provide for speedy return of the properties, said his company could reduce rates 20 per cent and still earn a profit.

A rate war between the telegraph companies was viewed in some quarters as a possibility.

AMERICAN IN MEXICO PLACED UNDER ARREST

By the Associated Press.

Mexico City, July 30.—The arrest of Davis Morris, an American, general superintendent of the express system, and Felipe Pescador, former general director of the Mexican National Railways, was ordered today by the district court as the result of an investigation of railroad affairs.

Morris and Pescador were charged with irregularities in the financial affairs of the railway.

A writ of "ampara," which is a process staying further proceedings somewhat similar to the American writ of habeas corpus, was obtained by both men, delaying further judicial action for seventy-two hours. At the end of that time the arrests ordered by the court will be made unless further judicial action should change the court's course.

The investigation of affairs of the Mexican National Railways followed the publication here of many criticisms on the management and allegations of irregularities. Pescador recently resigned as director general of railways and Colonel Paulino Fontes, manager of the southeast railways, was appointed to succeed him on July 8.

HUDSPETH WOULD BAR ARMS FROM CARRANZA

Washington, D. C., July 30.—Congress would declare itself opposed to exportation into Mexico of any arms or munitions of war under a resolution introduced today by Representative Hudspeth, democrat, Texas.

The resolution asserts that inasmuch as the existing embargo on shipments of arms into Mexico permits certain exceptions, congress should go on record as opposing any exportation whatever.

President Wilson through a proclamation made public several days ago directed no arms or munitions of any kind should be sent into Mexico except under such limitations as might be prescribed by the secretary of state.

The Hudspeth resolution was dropped into the bill clerk's basket

being an end to the controversy, or be bound by the action of the miners federation, declaring in favor of a return to work.

STATE TROOPS IN CHICAGO PATROL BLACK DISTRICT

(Continued from Page 1.)

was wounded in the side by one of the bullets as he was reading a newspaper in a barber shop. August Victu, white, 9 years old, also was wounded when the negroes fired at a group of children playing in the street. Possen and the child were taken to a hospital.

Countless Shots Fired.

While the troops were preparing to march from the armories a riot broke out at Fiftieth and State streets. Many men, negro and white, clashed, firing countless shots, the police report said. Police reserves were hurried to the scene.

Late tonight mobs of whites and negroes were reported roaming over various localities of the South Side, and at Fifty-eighth street and Racine avenue negroes were said to have clashed with troops. Negroes also were reported to have driven all whites from the streets in the vicinity of Sixty-third and Loomis streets, while fires were burning in two different neighborhoods, one in a white neighborhood and the other in a colored colony. A woman was reported slain in a riot at Forty-seventh and Indiana avenue.

Today's outbreaks were scattered and only in a few instances were there more than a small number of persons involved in the rioting. Of the four deaths, all of which were the result of shooting, two were shot today, the other two having been wounded in previous rioting.

The Death List.

Tonight the official death list for four days showed thirty of whom seventeen were negroes, two unidentified, and thirteen whites, one unidentified.

Attorney General Brandage assigned an assistant, John F. Burns to coroner's office to sift the evidence to be produced at the inquest. Mr. Brundage, who took charge of the prosecution following the East St. Louis riots a few years ago, declared punishment of the guilty here was certain.

Torch Used Once.

A white insurance collector was shot by a negro in the district this afternoon and died in a hospital.

In outside districts and even downtown, whites, shot, beat or pursued negroes at frequent intervals. The numbers involved, however, were in most cases small.

A second attempt by rioting whites to burn a negro home was successful today when a two-story frame house in Englewood, far south of the main black belt, was burned to the ground. None of the several families of negroes who lived in the building injured.

The funeral will be held at the home Thursday afternoon at 2 o'clock. Burial will be at Forest Lawn cemetery.

The police have collected a veritable arsenal of weapons since the rioting began. But, despite their vigilance arms and ammunition seemed to be plentiful.

To start the fourth day of warfare, Patrolman Walter Sullivan was probably fatally shot by a negro for whom he was searching in a vacant lot. As Sullivan fell, his partner, John Keal, shot the negro dead. During the night fifteen other policemen were hit by bullets and one or two may die.

Negroes in Court.

Forty negroes arrested for complicity in race riots were arraigned in the municipal court today.

The Rev. Willis Thompson, negro clergyman, charged with carrying concealed weapons, was fined \$10, and his revolver confiscated. One negro was fined \$200 and four others were fined \$100 each on similar charges. The other defendants demanded jury trials.

A crowd of 1,000 white men pursued a negro several blocks in Wabash ave., near Congress street this afternoon. He was rescued by mounted police. Another negro was chased by a mob in the downtown district but escaped by climbing the elevated road structure.

A. Sillman, 40 years old, white, was stabbed, shot and beaten by a crowd of negroes on the south side and will probably die of his wounds. He was chased and sought refuge in a house occupied by negroes.

States Attorney Hoyne in a statement urged Governor Lowden to use state troops to restore order.

A white woman shot a negro in the side on South Wabash ave., this afternoon. She escaped uninjured.

Feeling in Other Cities.

Bloomington, Ill., July 30.—Twenty negroes attacked Mrs. Kate Cecil,
